POMONA, CALIFORNIA

# REVISED WHOLESALE LIST

SEPTEMBER, 1910

SUPPLEMENTARY to regularly yearly issue dated July 1, 1910. and general terms, conditions apply as specified in said yearly issue.

**Guarantee of Genuineness**—While we exercise every possible care and diligence to have our plants true to label, and hold ourselves in readiness, on proper proof, to replace any that may prove untrue to label, without charge, or refund the amount paid for the same, it is mutually understood and agreed between the purchaser and ourselves that this covers the full extent of our guarantee or responsibility in the premises.

For our mutual benefit we beg to advise you that all our stock this year is on our new tract of land at the westerly city limits of Pomona—on First street; (elevation nearly 1,000 feet), and that this acreage is panning out the best we have ever had for the production of roses; our stock being SUPERIOR to anything we have had for ten years at this season. We will certainly be in a position to please you in quality of stock. We shall have the largest acreage to dig this winter we have ever harvested and undoubtedly the best stock as well. In short, we offer the best, largest and most complete stock by long odds in the United States—including grades AA. A and B—and at prices which are RIGHT for right stock put up right by people who know how.

## GRADES

AA.—This is EXTRA HEAVY, fancy graded stock and parties having use for such should be handsomely pleased with what we ship.

A.—This is our regular grade, and we believe good enough for anybody anywhere. All varieties except Teas and Hybrid Teas 24 to 30 inches of wood or more; Teas and Hybrid Teas, 16 to 24 inches of wood, or more.

B.—This is a light grade stock, not good enough to go in "A," but no culls or trash. Good for immediate local trade, a mail order business, bedding, forcing, potting, etc.

C.—We also make a grade not good enough to go in "B," which we call "C" grade; these plants will include everything as dug which do not go in the better grades; they are good for lining out, potting, etc., and rousing good value for the figure we make.

"C" Grade \$3.50 per 100 (not less than 100 sold.)

Orders can not be booked in advance with any degree of certainty as to varieties for this grade. They will be packed up 20 in a bunch as fast as dug and will not be re-sorted thereafter. Therefore, if you order "C" grade, the varieties will be whatever we may happen to have.

Make all orders in multiples of ten for A and B grades and C grade in multiples of 20.

## YOUNG ROSES

We will be ready to begin shipping young roses about November first. We shall have a large stock and a fine assortment of varieties; and the only stock of plants offered for sale in the United States propagated from wood taken from growing plants in the field. Keep in mind the fact that this wood is the natural out of door growth,—not weak forced stuff—which must sooner or later have a spell of "back to nature" (in other words, of resting and standing still).

We are already booking extensive orders for young roses,—and if you are going to be in the market for this line, you have much to gain and nothing to lose by putting YOUR ORDER IN NOW.

The prices named are for orders booked soon—and the said rates are subject to change later without notice. **FIVE PER CENT DISCOUNT FOR CASH WITH ORDER.**

All shipments are made by express at buyer's expense. We guarantee express charges and thus the rate is precisely the same as when charges are prepaid.
